HOW IRC?

Need a special program, called a client

Lots of clients for all major platforms

Windows: Hexchat, AdilRC, mIRC

macOS: Textual

Linux: weechat, irssi, BitchX, Hexchat

Web: TheLounge, Convos, KiwilRC, IRCCloud

HOW IRC?

Need a special program, called a client

Lots of clients for all major platforms

Windows: Hexchat, AdilRC, mIRC

macOS: Textual

Linux: weechat, irssi, BitchX, Hexchat

Web: TheLounge, Convos, KiwilRC, IRCCloud

These work, but (most) have the same downfall — connections are not persistent
